H2008: DUTY TO REPORT; SUPERVISOR; ADMINISTRATOR

The list of persons with a duty to report a reasonable belief that a minor has been the victim of abuse or neglect is expanded to include any person who is employed as the immediate or next higher level supervisor to or administrator of a person who has a duty to report (other than the child's parent or guardian) and who develops the reasonable belief in the course of the supervisor's or administrator's employment. If the supervisor or administrator reasonably believes that the report has been made by the person with a duty to report, the supervisor or administrator is not required to report. AS SIGNED BY GOVERNOR.

H2075: ELECTRONIC PRESCRIBING; EXCEPTIONS; DEADLINES

Retroactive to January 1, 2019, the requirement to have an electronic prescription order to dispense a schedule II controlled substance that is an opioid applies in all counties beginning January 1, 2020, instead of beginning January 1, 2019 only in counties with a population of 150,000 or more. Establishes exceptions to the requirement, including during any time period in which an established electronic prescribing system or pharmacy management system is not operation or available in a timely manner, and for a written prescription order provided to a patient in a Veterans Administration facility, health facility on a military base, or Indian health service facility. The Board of Pharmacy is required to consult with the Computerized Central Database Tracking System Task Force and establish by rule additional exceptions to the electronic prescribing requirements. Also, the duties of the Arizona Regulatory Board of Physician Assistants are modified to require the Board to certify physician assistants for 30-day prescription privilege for schedule II, schedule III, schedule IV and schedule V controlled substances that are opioids or benzodiazepine, subject to the statutory limits for those controlled substances.

Emergency clause. AS SIGNED BY GOVERNOR. In his signing statement, the Governor stated his continued commitment to combating the opioid epidemic.

H2117: DEVELOPMENTAL HOMES; MONITORING

A service provider that operates a group home or an intermediate care facility for persons with an intellectual disability is permitted to install, oversee and monitor "electronic monitoring devices" (defined) in common areas, including hallways, of the group home or facility. The Department of Health Services is required to adopt rules regarding the use of electronic monitoring in group homes and intermediate care facilities, and provisions that must be included in the rules are listed, including public disclosure of the device. A service provider that uses an electronic monitoring device before the effective date of this legislation is required to establish policies consistent with the rules and to submit the policies to the Dept within 90 days after the rules are adopted. AS PASSED HOUSE.

H2118: UNAUTHORIZED PRACTICE; HEALTH PROFESSIONS

It is a class 5 (second lowest) felony to engage in the "unauthorized practice of a health profession" (defined). A health profession regulatory board is required to regulate the unauthorized practice of the profession the board regulates. A health profession regulatory board is authorized to issue a cease and desist order to stop a person from engaging in the unauthorized practice of a health profession, and is required to refer each verified complaint for the unauthorized practice of a health profession to the county attorney or Attorney General for prosecution.

H2122: DO-NOT-RESUSCITATE ORDERS; MINORS; PARENTAL CONSENT

A health care facility, nursing home, physician or nurse is prohibited from implementing a do-not-resuscitate order or similar physician's order without the written or oral consent of both parents, unless one parent has sole legal decision-making, or the guardian of a patient who is under 18 years of age and who is not emancipated. If the parent(s) or guardian orally consents to implement a do-not-resuscitate order, two witnesses other than the parent(s), guardian or physician must be present and willing to attest to the consent. Establishes requirements for revocation of prior consent and a process for resolving a conflict if the parents of a minor patient are unable to agree on whether to implement or revoke a do-not-resuscitate order. H2137: WORKERS' COMP; EXCESS INSURANCE POLICIES

The Special Fund is the successor in interest to all excess insurance policies that are in effect at the time of an assignment of a workers' compensation claim to the Special Fund and that insure any part of the self-insured employer's financial obligations under workers' compensation laws. The Special Fund's recovery rights are subject to applicable coverage terms and policy limits in the excess policy. The excess insurer is required to make payment directly to the Special Fund for all covered amounts spent. AS SIGNED BY GOVERNOR.

H2182: PERMIT; LICENSE; DENIALS; AGENCY HEARING

In any case in which a license or permit is required before a person engages in any constitutionally protected activity, a municipality, county or agency is required to specify in clear and unambiguous language the criteria for approval of a license or permit unless the criteria are established by federal law. A court of competent jurisdiction is required to determine whether the language is clear and unambiguous. The appropriate agency is required to approve or deny the license or permit application within 30 days after the application is submitted unless another period of time is specified by law. A hearing in a contested case may be conducted in an informal manner if the parties agree to an informal hearing, if the agency is authorized by statute to use an informal hearing, if there is no disputed issue of material fact, or if the disputed issue of material fact involves \$1,000 or less. If a party objects to an informal hearing, the presiding officer is required to resolve the objection on the basis of the pleadings. The presiding officer may deny the use of an informal hearing or may require a formal hearing after an informal hearing is commenced if s/he determines that cross-examination is necessary. In an informal hearing, the presiding officer regulates the course of the hearing and may limit or prohibit specified aspects of the hearing. AS PASSED HOUSE.

H2494: HEALTH INSURERS; NOTICE; PROVIDERS

If a health insurer acquires a health care provider network that includes health care providers that are not contracted directly with the insurer, the insurer is required to notify each provider and allow the provider to opt out of the network or contract with the insurer. A contract between a health insurer and a health care provider that is issued, amended or renewed on or after January 1, 2020 to provide health care services to the health insurer's enrollees is prohibited from restricting the method of payment from the insurer to the provider to a credit card payment or an electronic funds transfer payment. If a health insurer initiates or changes payments to a health care provider using electronic funds transfer payments, the insurer is required to notify the provider if a fee is associated with a payment method, advise the provider of available payment methods, and provide clear instructions to select an alternative payment method. A health insurer that initiates or changes payment to a health care provider using the federal Health Insurance Portability and Accountability Act of 1996 standard automated clearinghouse network is prohibited from applying any additional charge to the payment other than a charge imposed by the health care provider's bank. H2569: OCCUPATIONAL LICENSING; RECIPROCITY

A regulating entity is required to issue an occupational or professional license or certificate to a person who establishes residence in Arizona if the person is currently licensed or certified in good standing in at least one other state in the discipline applied for and at the same practice level as determined by the regulating entity and if the person meets a list of other specified requirements. Some exceptions. A license or certificate issued under this circumstance is valid only in Arizona and does not make the person eligible to be part of an interstate compact. A regulating entity is authorized to determine eligibility for an applicant to be licensed or certified under these circumstances if the applicant is not part of an interstate compact. S1105: DIRECT PRIMARY CARE AGREEMENTS

Statutes regulating direct primary care provider plans are repealed and replaced with regulations governing "direct primary care agreements" (defined). Establishes requirements for direct primary care agreements, and prohibits "direct primary care providers" (defined) from declining to accept a new patient, discontinuing care to an existing patient, or charging different fees for comparable services solely because of the patient's health status. Establishes a list of circumstances under which a direct primary care provider is permitted to discontinue care for a direct primary care patient. A direct primary care agreement is prohibited from requiring more than 12 months of the periodic fee to be paid in advance. A direct primary care agreement for dental services is limited to services provided within a single professional practice and cannot include services offered by dentists in other practice entities. A direct primary care agreement for medical or dental services does not constitute the transaction of insurance business or a health care services organization in this state for the purposes of regulation under insurance statutes. S1230: EXTRAORDINARY SPECIAL EDUCATION NEEDS FUND

A school district or charter school is eligible for a grant from the Extraordinary Special Education Needs Fund (Fund) if the district's or school's weighted student count subtotal for the prior fiscal year (FY) for a list of specified funding categories equaled at least 10 percent of its average daily membership for the prior FY, or if the district or school is eligible for the small school weight and in the prior year its special education expenditures from the maintenance and operation section of its budget equaled at least 20 percent of its total expenditures from that section. A school district or charter school is authorized to apply for and receive more than one grant from the Fund in the same school year but is capped at a total of \$200,000 from the Fund in the same school

year. Appropriates \$5 million from the general fund in FY2019-20 to the Department of Education for deposit in the Fund. AS PASSED SENATE.

S1244: CAREGIVERS; ASSISTED LIVING; TRAINING

By June 1, 2020, the Board of Examiners of Nursing Care Institution Administrators and Assisted Living Facility Managers is required to prescribe rules for assisted living facility caregivers that are consistent with the training, competency and test methodology standards developed by the Arizona Health Care Cost Containment System (AHCCCS) Administration for in-home direct care workers. A person who successfully completes the training and competency requirements developed by the AHCCCS Administration for in-home direct care workers satisfies the training requirements for assisted living facility caregivers, except for medication administration training required by the assisted living facility caregiver's scope of practice.

S1321: HEALTH INFORMATION ORGANIZATIONS

Except as otherwise provided in state or federal law, an individual has the right to opt out of having the individual's individually identifiable health information accessible through a health information organization. Individuals who previously elected to opt out of having a particular health care provider's data accessible through a health information organization must be treated by the health information organization as having elected to opt out within 90 days after the effective date of this legislation. A health information organization is not liable for damages in any civil action for inaccurate or incomplete health information that is provided by third parties and that is accessible through the health information organization, for another person's use or disclosure of health information through the health information organization, or for the use or disclosure of health information that is made in good faith as provided by law. The health information organization is presumed to have acted in good faith, and this presumption may be rebutted by clear and convincing evidence. Does not preclude liability for the portion of any damages resulting from intentional misconduct or gross negligence by a health information organization.
